10th September 2021

Dear parents / carers

It has been great to welcome children back to school after the summer holidays. It is always exciting to see them back in class, working hard and keen to learn.

We would like to make you aware that we have had some positive COVID cases across the trust. We are following the government guidance and maintaining the control measures as set out in our school risk assessments. These are specific to each site. All the confirmed cases were recorded before children started back this term and the staff / children involved are self-isolating. NHS track and trace have contacted all known close contacts and advised on next steps. We have followed guidance and at this moment in time have not had to initiate our Outbreak Management Plan.

The government have continued with their remote learning continuity guidance. All our academies have plans in place should we need to support home learning. Please contact school if you need work setting. We are aware that if children are off ill, or parents are unwell, it may not be possible for tasks to be completed. Plans are in place should we have to close any classes / year groups.

If you need to contact school, please do so via telephone or email. Please note if it is necessary for you to go to the school office or into the school building you must wear a mask. All visitors and contractors will also be asked to wear a face covering. You do not need to wear a face covering on school grounds whilst bringing / collecting children.

Yours sincerely

Harry Wood
CEO

Pete Steadman
Chair of Trustees
