Many thanks to those of you who added additional comments, your opinions are important to us and we take note of the contents.

As a school, we are on the whole happy with your opinions of the work we are doing. In order for us to continue to improve we would like to ask for further contributions. The four areas of the survey which scored lowest we would like further feedback on. We intend to review our policies and again welcome your input. If you have any suggestions or ideas of how you feel we could improve please email the school office by Thursday 21<sup>st</sup> October 2021. The areas for improvement are highlighted in bold above.
